Every year, millions of parents and students seek out resources to help them choose the best school for them and find opportunities to help them pursue studies. The information you provide in this survey is an invaluable tool for students across the globe. Your participation ensures that prospective students have the most up-to-date and relevant information about your awards/programs.

How to use this document

This PDF survey form is the first part of two connected surveys, namely: Organization/Sponsor Survey (this document) and Program Survey. You will need to complete the Organization Survey only once; however, you should complete a separate Program Survey for each of your award programs.

Please note that the Organization Survey is designed to collect information about organizations that offer or administer post-secondary educational award programs/financial awards in the form of scholarships, grants, prizes, fellowships, and forgivable loans. It is NOT intended to collect information about specific award/programs. Specific award program details should be provided on the Program Survey(s). We ask that you please complete and submit both the Organization and Program Survey(s) in order to list your awards with us. If your organization is no longer sponsoring awards, please contact us and we will remove you from our database.

Before answering the survey, please take note of the following:

Press Ctrl+S to save your progress. Like saving an offline document, ensure that you constantly save your work in the PDF to avoid repeating the process if a sudden shutdown happens. Saving can also be helpful in case you need to revisit the document and make some revisions.
